

The Centre for Education's First Ever Electronic Waste ROUNDUP!

Have old TVs, computers and other electronics you'd like to dispose of?

From **February 2 to 13**, we're partnering with Shanked Computer Recycling to recycle old electronics safely and securely. All central staff are invited to participate!

It's easy and free!

Bring in your electronics from home and place them in bins located outside the elevators on the main floor. Accepted items include TVs, computer monitors, laptops, printers, kitchen appliances – pretty much anything you can plug in!

**This is our chance to
reduce our carbon
footprint and be kinder
to the environment!**

SCRI
reducing our footprint, bit by bit
