

EnviroMatters Toolkit

Purpose

The Edmonton Public Schools EnviroMatters Toolkit is a resource compiled by the EnviroMatters Office to provide district staff and students with a clear and concise list of free tools, resources and environmental programs that are available for implementation in your school.

To learn more and participate in any of the programs listed below, instructions and resource packages can be downloaded from the EnviroMatters Website (<http://enviromatters.epsb.ca/>) or sent via email and truck-mail directly from the EnviroMatters Office; simply check-off the requested items on this form and email requests to Maegan.Lukian@epsb.ca.
